Civil Suit
Kidnapping - Frame
Theft - Corruption

I

Kidnapping

9-20-07 I was kidnapped from Oregon at gun point against my will, without a warrant or indictment, Ten months after statutes of limitations expired. 7-2008 Pretrial hearing Judge Ovard ordered asst. DA. to go into the courts records and get a copy of the dismissed outdated indictment and he would backdate it and make it look legal.

II

Frame

Judge Ovard personally falsified the states evidence "Diary". DA holding a diary told jury this says in 1996 my stepdad sexually assaulted me. Judge Ovard ordered bring it forward for review. saying yes thats what it says. submit this vital evidence for the state. Then the diary was removed from the courtroom. Now copy of diary from 5th court App. shows the diary

does not say in 1996 my stepdad sexually assaulted me. That is a lie made up by Judge and DA working together to frame me. I'm Not in the diary in any way, shape or form.

Judge Ovard ordered the oregon cause is under appeal and not a final conviction, and cannot be used in this trial. Ovard then allowed the oregon victim to be my character witness. Allowed oregon victim, prison clerk, forest ranger to give full testimony on the oregon cause. I was convicted double jeopardy on the oregon cause.

Jury selection - I told Judge I knew the teacher that she was friends with oregon victim. Judge lied saying she was dismissed. Then allowed her to be jury foreman.

I filed a full alibi with witnesses. Judge denied my alibi. The Barred it from trial.

III The Aff

Public Defender investigator acquired F0500065 grand jury records. Showing the grand jury knew nothing about my kidnapping or falsified indictment, filed motion to dismiss by P.D.. When Ovard saw his capital and felony crimes exposed, he used his official powers and had clerks steal the grand jury records evidence and motion off the courts county clerks, DAs records. I demanded P.D. require these stolen records. When he tried

Judge Ovard ordered him into his chambers for a private meeting of state chamber. Upon returning P.D. said I'm not requiring the stolen records, Ovard threatened my career. P.D. then filed my Oregon parole sheet showing NCIC All warrants - All detainees clear motion to dismiss. Judge Ovard stole them too.

IV

Corruption

Judge Ovard using his official powers had clerks delete the pretrial hearings transcripts. Removing his confession to kidnapping me and his falsifying of the indictment. Then had clerk delete and rewrite the trial transcripts removing Ovard's crimes and falsifying testimony, literally changing words and testimony that was not said at trial.

Ovard then asked favor of Appeals Judges to stop my appeals. Direct appeal 05-08-01049 Judges without my knowledge or consent changed my plea to guilty, then falsified a confession, for an illegal affirmation. 1107 appeal denied without grounds. Illegal affirmation. 2254 appeal denied without grounds. Illegal affirmation.

Sixteen civil suits filed Dallas county dist. courts. All thrown away unfiled. Petitioned six times 5th count appeals to order dist. court to file appeals. All six denied. Petitioned state supreme court four times to Allow me to file

Appeals dist. court. All Four denied. I've Filed this civil suit three times N. Div., the first two were stolen. Unit mailroom keeps a legal mail log. dates - counts and assures me they were mailed. So us Dist clerks are stealing them unfiled.

The us Dist N. Div. is having unit warden withhold my money so I can not file courts fees. Literally cutting me off from the courts. Unit warden one year ago took my ID so I could not buy stamps, envelopes - paper - pens. Fourteen months ago I was cutoff from my VA disability money. As a favor to this court. Now they are denying all claims under failure to pay filing fees. This is corruption plain and simple.

V

Conclusion

I saw the watson crime family - Amarillo Tx, Murder reverend Roy Rowe Takilma Oregon, and corrupt Judge break an unbreakable trust and steal four million Dollars. When I had it out with the watsons, they used Oregon Judge to try and get me twenty years in prison. Their corrupt Judge changed a misdemeanor mischief into a felony and a constituted Burglary into a First degree Felony. This was done without the Oregon grand jury's knowledge. Upon release I was kidnapped by a civilian. The watsons Texas payoff Judge framed me in exchange

for money. And owards corrupt friends and Judges are covering up his and their payoffs, corruptions.

VI

Remedies
